MARTIN J. CRISTOFARO, PE, RPLS, CFM
Vice President/Program Manager

Mr. Cristofaro is a Vice-President of Stuart Consulting Group with over 40 years of experience in project planning, management, administration, design, construction, and client relations. His planning experience includes the management of over \$1B of Capital Improvement Programs for the design and construction of storm water facilities such as regional detention basins, channel rectification, flood plain reduction, and elimination of hazardous storm water crossings. His management experience includes the oversight of multiple Consultant contracts on behalf of local government authorities including the establishment of Scope, Fee, Design Criteria, coordination with multiple public jurisdictions, inter-agency coordination, State and Federal Agencies from conception to use by the public.

He is currently the Program Manager for the Little Cypress Creek Frontier Program and also oversees the Harris County Flood Control Disaster Recovery Program. In addition, Mr. Cristofaro is a Licensed Professional Engineer, Registered Professional Land Surveyor and a Certified Floodplain Manager and a graduate of "THE" University of Houston – Go COOGS!

Jonathan W. Holley

Jonathan W. Holley has worked at the Harris County Flood Control District since 2009 in several positions related to stormwater quality and environmental regulatory compliance. Project planning and management experience includes enhancing regional stormwater detention basins with stormwater quality treatment wetlands, incorporating natural stable channel design features into channel improvement projects, tracking permit compliance, and performing water quality monitoring. His current responsibilities include managing the District's environmental services and mitigation banking programs. He has a B.S. in Biology from Wake Forest University and a M.S. in Biology from the College of William & Mary. He is a Certified Professional in Erosion and Sediment Control (CPESC) and a Certified Professional in Stormwater Quality (CPSWQ).
